Rifles marked * require altering of the bolt handle for use with low B mount.

TYPE T MOUNT

Type T Mount complete. Retail \$1.95. Wholesale \$1.46.

Type T mount is a side bracket design mount. It is made of tough alloy steel and with the exception of the upper scope clamps is of one piece construction. The base portion is reinforced, the clamps grip the scope as tightly as if they were welded to the tube. It has been thoroughly proved under all conditions and on the most poweful rifles.

Type T is made in several designs to fit different rifles and to hold the scope in either a high or low position. The following list shows the various mounts and rifles to which they are adapted.

TYPE T-1-Holds the scope very low and central over bore.

All guns listed under T-1 can be used with T-3 or T-03 which permits regular sights to be used in conjunction with the scope.

Winchester Models, 56, 57, 69, 72, 87, S.S., 74.

Savage Models 6, 7, 19, 19-33, 19-H, 19 N. R. A., Sporters, 23A, 23AA, 23B, 23C, 23D, 40, 45, 219.

Stevens Models 76, 076, 44, 414, 416, 417, 417½, 418, 418½, 85, 87, 84, 86, 15, 57, 057.

(Savage Models 4, 5, Stevens 66, 56, made after 1937 have low bolt handles and can be used with T-1.)

Marlin Models 50, A1; Ranger .22 Automatic.

Lee-Enfield, British.

Mossberg Models 20, 21, 30, 34, 35, 40, 42, 43, 44, 45, 46. Krag.

Remington 510, 511.

TYPE T-2-Holds the scope very low and central over bore.

Guns listed under T-2 can be used with higher T-4.

Enfield, U. S. Model 1917.

Newton.

Remington Models 30, 30S, 30A,

Winchester Model 70.

Winchester 54.

Springfield.

Mauser (with straight receiver).

330 Scope can be attached forward of bolt handle or safety with T-2. If bolt is altered other scopes can be used.

TYPE T-02—Very low and central over bore, designed for Mausers which have the forward end of receiver enlarged. Will hold 330 Scope forward of bolt handle. If bolt is altered scopes with shorter eye relief can be used.

Mauser, all models with enlarged receiver ring.

TYPE T-3—Holds the scope high and central over bore.

Metallic sights can be used under the scope.

All guns listed under T-1 and T-03 can be used with T-3. Savage Models 3, 38, 4, 48, 5, 58, 04.

Stevens Models 53, 053, 55, 055, 56, 056, 66, 066, 419, 83, 083. Marlin Model 80, 81, 100.

Mossberg Models 10, 14, 25.

Western Bield Belt Astien
